Statement of Evidence for Path Claim SAP 64

- 1 The whole of the original length of this path (from the Stratford Road to Bills Lane) is shown, and labelled 'FP', on the first edition of the Ordnance Survey six inch maps (1886 + 1887).
- 2 The section south-west of Burman Road had been lost under housing development by 1937, although no Highways Order closing it has been found.
- 3 The section north-east of Burman Road is recorded as a believed public footpath on The Ramblers Association (Midland Federation) Footpaths Map (Section Two) published c.1937.
- 4 The section from Velsheda Road to Hurdis Road was proposed to be diverted onto Middleton Road by a Quarter Sessions Highways Order of 1939, but this was never implemented. (Held by Warwickshire County Record Office at QS47/384 (mid. 1939).)
- 5 The majority of this route (except for the two ends) is recorded on the 1993 Solihull Definitive Map as public footpath U27.
- 6 The south-west end now terminates on Burman Close and has a good, tarmac, surface with street lights and a litter bin.
- 7 The north-east end passes through a marked out carpark and along a service road beside The Saracens Head, and is well used. This area is the subject of a Compulsory Purchase Order
- 8 It is considered, therefore, that it is reasonable to allege that the route subsists as a public footpath and should be recorded as such on the Definitive Map.
