

Grand Union Canal

Drivers see any undertaking from Google Street View with imagery at the time of the sign placement and comply with all current legislation and guidance including the Road Traffic Signs Regulations and Code of Practice (Chapter 8: Sign on Street and Road Works (A Code of Practice)).

Propositions management to be installed and managed to suit site conditions in accordance with current legislation & codes of practice by the contractor unless otherwise stated.

All signage and road marking shall conform with the Traffic Signs Regulations and General Directions (TSRGD).

Sign locations are indicative only, exact location to be determined on site.

Steadily qualified operatives to assess site to ensure the installation on the original design should be immediately reported to the relevant contracts manager/designer.

This design is only valid for 12 months from date of production and should be re-evaluated if installation is to take place after this period.
