MAP 1 - Solihull town Centre From 15 November 2015

New stopping locations for bus services from 15 November 2015

There will be changes to some bus routes and bus stop locations within Solihull town centre from Sunday 15 November 2015.

The changes follow the completion of the £2.3 million Solihull Gateway project which has seen improvements in Station Road and Poplar Road.

'Solihull Gateway' has been developed by Solihull Council in partnership with Centro.

Change to how traffic travels along Station Road and Poplar Road

From 15 November 2015 Station Road and Poplar Road will become two-way again for buses and permitted vehicles only.

Other vehicles will be restricted from travelling along Station Road and Poplar Road from the junction of Herbert Road to Marks and Spencer's car park.

How will I know if my bus stop is changing?

Map 1 shows the stops in Station Road and Poplar Road. Map 2 shows the stops at Solihull Rail Station. The tables show where each service is stopping in Station Road and Poplar Road (Solihull town centre) and also at Solihull Rail Station.

There will also be a notice at the existing bus stop (shelter) to let customers know where and when the bus stop location is changing.

How will I know where to catch the right bus?

You will need to look at the bus stop code (which is on the flag on top of the bus shelter/ bus stop pole (eg SA) on Poplar Road and Station Road and (eg A) at Solihull rail station).

How will I know if my bus stop is changing?

There will also be some changes to buses serving Solihull rail station. There will be changes to stop locations in the station too.
