Statement of Evidence for Path Claim SAP 20

- 1 The original route of this path is shown on the map with the Knowle Inclosure Award 1820. (Held by Warwickshire County Record Office at CR487.)
- 2 This was diverted to the north (to Blythe Bridge) by a Quarter Sessions Highways Order of 1855. (Held by WCRO at QS47/82 (mids. 1855).)
- 3 Both of these routes are shown on the first edition of the Ordnance Survey six inch map (1886), although only the northern route is labelled 'FP'.
- 4 A short section in the middle, between Park Avenue and Brueton Avenue, was slightly diverted by a Quarter Sessions Order which was confirmed in 1938. (Held by WCRO at QS47/368 (Easter 1930/Mids. 1938).)
- 5 This northern route is recorded as a believed public footpath on The Ramblers Association (Midland Federation) Footpaths Maps (Sections One and Two) published in 1937. The maps show the whole route, including the west end to New Road.
- 6 The majority of the path, except for the ends, is recorded on the 1993 Solihull Definitive Map as public footpath U30.
- 7 The path generally has a good, tarmac, surface with 'no cycling' roundels at various points.
- 8 It is considered, therefore, that it is reasonable to allege that the whole route subsists as a public footpath and should be recorded as such on the Definitive Map.
