On behalf of the National Federation of Gypsy Liaison Groups and the Derbyshire Gypsy Liaison Group, I offer the following comments on the Traveller sites Allocations DPD. We generally support the document but consider that the policy text should recognise that other sites may come forward through planning applications and that such applications will be considered against the Local Plan policies. The allocations in the document should not be interpreted as a limit on provision. It should also be recognised that future reviews of need will be required and may determine the need for additional provision.

Yours sincerely,

A. R. Yarwood, DipTP, MRTPI
